

EL PASO WATER USERS STAND PAT
MORE ROOPS
THEIR HEATS
ARE SHUT OFFDirectors Decide to Uphold
the Reclamation Service;
Approve Contracts.

El Paso valley water users will "stand pat" on their position regarding the signing of the contracts with the United States reclamation service for water service during the present year. This was decided by the board of directors of the El Paso Valley Water Users' Association Friday afternoon in the office of Felix Martinez, chairman of the board. Following the action of the board, the reclamation service is in a position to sign the contracts with the El Paso association and went on record as favoring the signing of the contracts, 98 percent of which have already been signed.

Satisfied With Service.
"The directors could not favor the action of the upper valley water users," said Mr. Martinez, after the meeting. "The people seem to be well satisfied and they feel that the government is the best guardian of the funds of the project. We do not feel justified in doing anything that will appear as opposing the government as the directors think the government can take care of our funds better than we can. We deplore the action of the upper valley people and are sorry and will do everything we can to bring the two together. The government is doing what it is for the people themselves and we feel the government is best organized as a guardian of our funds."

No Elephant Butte Water Users' association representatives were present at the meeting.

DREADFUL PAINS
GREAT SUFFERING

Was the Lot of This Lady Who Tells
The Story of How She Re-
covered Her Health.

Dallas, N. C.—Mrs. Thomas Davis, of this place, says: "About two years ago, when I was eighteen years old, I was in a bad condition from womanly troubles. I fell off until I weighed not more than 85 lbs.

I suffered dreadful pains in my hips, sides and abdomen, for about 3 days out of every month.

I couldn't sleep at night, and the pains were so dreadful I couldn't lie down for the blood would run to my head.

I felt I must have some relief, for it seemed that the awful suffering would surely kill me.

I had read of what Cardui had done for others, and thought I would try it.

After the use of one bottle, the pains had entirely stopped and I was able to sleep.

After using four bottles, I was a well woman, I was regular, I got back my flesh, and I now weigh 126 lbs. and am able to do all my work without any trouble.

I certainly recommend Cardui to suffering women, for I know it cured me.

My friends who saw me when I weighed 85 pounds and would see me now, would know what Cardui had done for me."

STOP! CALOMEL
IS QUICKSILVER

It's mercury! Attacks the
bones, siphons and makes
you sick.

There's no reason why a person should take sickening, salivating calomel when 3¢ cures a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver, but not surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tonic because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling alert. No more biliousness, constipation, slushiness, headache, sour tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic better than horrible calomel your money is waiting for you.—Advertisement.

Villa Is Forced Either to Re-
treat From Aguas or
Weaken Battle Line.

Troop trains carrying 800 infantry and a cavalry contingent of 800 left Aguascalientes Friday under the command of Gen. Ricardo Pena and steamed toward Torreon according to unofficial reports received Saturday in Juarez from the south. No explanation of the northward movement of troops was carried in the message telling of their departure. Does it mean that Villa is withdrawing from Aguascalientes, or is it merely an important shifting of forces to strengthen the Torreon garrison? This question was asked today when the news of the movement reached the border. An unconfirmed report had it that Villa is reinforcing the Torreon garrison in fear of an attack from the 4000 men under the deposed president Gen. Eulalio Gutierrez, who was reported several days ago to have reached the southern border of Coahuila.

No Advice From Battle.
Officially, Carranza and Villa representatives here and in Juarez are ignoring what is happening in the war zone stretching from Aguascalientes to Torreon. Both Carranza's and Villa's troops have rested for three weeks since the fighting flared around Celaya, and, except for a few unimportant skirmishes, there has been no clashes between the two forces. Carranza's army officers have fallen in battle, but the Carranza army in El Paso claims that both generals are still at the head of their commands in Obregon's division.

Small Villa Victory.
Seven men were killed and a small quantity of ammunition was captured by a Villa column under Gen. Carranza and Hernandez Wednesday in a brush with Carranza troops commanded by the Arriaga brothers near the town of Panguajiar, according to an official dispatch to the Juarez military headquarters. The dispatch said that the Villa column was defeated and that the Carranza troops were carrying on independent warfare have been released.

Villa Packery at Juarez Af-
fected; Miners Must Be
Paid in Gold.

The department of agriculture, it is announced here, has issued an order prohibiting the import of meat through Mexican border ports. This action is understood to have resulted from complaints lodged by American cattlemen that their stock had been stolen from ranches in Mexico.

The right of injunction frequently has been employed by owners of Mexican ranches on cattle imported on the hoof, which was identified by brands. When exported in the form of meat it became impossible to identify it. This action, which will be enforced by the American customs service, probably will abolish the Villa packing house in Juarez, which has been a large source of income to the Villa government. Cattle from northern Mexican ranches are slaughtered there, and practically all of the output sent into the United States.
